PULASKI TENN FRIDAY MORNING, MAY 18th, 1866

THE COMMERCIAL - When you go down to Nashville, if you will hang your hat up at the Commercial, corner of Cherry and Cedar streets, you will be well fed, can sleep on clean beds, be treated kindly and have a | County small bill to pay. Don't forget it.

NEW Music .- "The Exile" is the title of a new and beautiful song and chorus just issued from the well-known and popular publishing house of D. P. Faulds, Louisville. Words by A. Churchill, and music by W. E. Pond. Inscribed to Gen. Price. this Convention, and ask their endorseme

Dentistry.

Dr. Buckley will remain in Pulaski few days longer for the accommodation of those who need his services.

Diseased teeth is the prime cause of many evils for which physicians are called upon to treat. Indigestion, sick headache, neuralgia, and general derangement of the whole system, are not unfrequently the result of old decayed teeth.

These are truths of so much importance that every rational and reflecting mind should carefully treasure them up.

There is, probably, no disease, ordinarily, to which man is liable, that can be treated with more certain prospect of success

SALAVARY CALCULUS (TARTAR OF THE TERTH) .- The presence of tartar, in large quantities is not only unsightly, but it imparts to the breath an almost insufferably offensive odor. It is always productive of

An altered condition of the fluids of the mouth, diseased gums, and, not unfrequently, the gradual destruction of the alveolar processes, and the loosening and loss of the teeth, are among the local consequences that result from it. But besides these, other effects are sometime produced, such as tumors and spongy excrescences of the gums; necroses and expoliation of the alveolar process, hemorrhages of the gums; derangement of the digestive apparatus; foul breath, &c., &c.

If, unfortunately, you have lost your natural teeth, have them supplied by artificial substitutes.

Although there is a perfection in nature which can never be equalled by art, yet artificial teeth can be so constructed and applied as to subserve, in a large majority of cases, all the purposes of natural teeth.

Passage of the Metropolitan Police Bill. At half-past five o'clock on Monday eve-

ning last, that low-flung conclave at Nashville, called the Tennessee Legislature, in defiance of constitutional law, and with ungrateful disregard for the wishes of the people, passed the Metropolitan Police Bill, which is but another link in the chain with which they are trying to manacle the free white men of Tennessee. The curses of an injured and outraged people be upon the heads of the black-hearted villains who are thus seeking to enslave us.

AUCTION AND COMMISSION .-- We would call special attention to the character of business conducted by Messrs. PERKINS & Co. auction and commission merchants. They propose to give great bargains, and warrant everything as represented. Their house is on the West side of the Public Square, North and of Tennessee House.
